**SAFETY REGULATIONS**

Visitors entering the premises of Hamburger Hungaria Ltd. (with the exception of the office building) must wear the following personal protective equipment:

- PROTECTIVE HELMET**  
in the area of the power plant
- EAR PLUGS OR EARMUFFS**  
in case of high noise level, e.g. in the paper machine halls
- HIGH VISIBILITY VEST**  
because of lorry, crane and fork-lift traffic
- CLOSED, FLAT SOLED SHOES**

Smoking and use of open flames is permitted exclusively outside the premises of the factory, in designated areas. A camera recording system is in operation at the site. Its exclusive purpose is to protect the lives and physical integrity of people present in the area, as well as to monitor property protection and technological processes. You can find our Regulation on Camera Use and Data Protection at: [www.hamburger-containerboard.com/hu](http://www.hamburger-containerboard.com/hu)

**RULES RELATING TO VISITORS**

- Visitors may be present on the premises of the factory only with an accompanying person (guide) appointed by Hamburger Hungaria Kft.
- Please keep to the routes indicated by the guide, and do not leave your group.
- You must immediately inform the guide of any accidents or injuries.
- Visitors are only permitted to use the designated pathways and crossings for pedestrian traffic.
- It is forbidden to touch any stored or transported materials or devices, or any technological equipment or machines.
- It is forbidden to walk under any suspended load.

**SAFETY REGULATIONS**

- Please pay special attention to the intensive fork-lift and crane traffic. Pedestrians must always give way to vehicles and cranes.
- Please pay special attention when passing over railway crossings.
- Regarding traffic within the area of the factory, in all other cases the rules of the Hungarian highway code (KRESZ) must be observed.
- It is forbidden to enter the facility under the influence of alcohol or drugs.
- It is forbidden to bring any alcohol, drugs, chemicals (except with a permit), or firearms onto the premises of the facility.
- Photos and video recordings may only be made subject to a specific permit granted for such purposes.
- Our products are used for producing packaging suitable for the storage of food, so please observe the following rules of hygiene:
  - Before entering the Paper Machine Hall and/or the Warehouse for Finished Products, please tie up your hair if it is long or wear a hairnet / protective cap.
  - In the production areas and in the Warehouse for Finished Products it is forbidden to eat, drink any beverage, or bring in any food.

**IN CASE OF AN EMERGENCY**

Our facility is qualified as a hazardous plant below the threshold value, which is obliged to prepare an Emergency Response Plan for Major Hazard Events. It is important that any accident, injury, fire or damage must be reported to the accompanying person (guide) without delay, or to the technological staff of Hamburger Hungaria Ltd. on site if the guide is unavailable at that moment.

**General rules in case of emergency:**

- Follow the instructions of the accompanying person (guide)!
- Inform the people in danger!
- Ask for help!
- Use the emergency exits and go to the nearest assembly point!
- Do not use the lift!
- Quick help may save lives.
